```
     F              C      C               F
Hey Jude, don't make it bad, take a sad song and make it better
   A#                  F             C    C     F
Remember to let her into your heart, then you can start to make it better

    F            C           C               F
Hey Jude, don't be afraid, you were made to go out and get her
   A#                  F             C    C     F
The minute you let her under your skin, then you begin to make it better

F                   A#      D    G            C               F
And anytime you feel the pain, hey Jude, refrain, don't carry the world upon your shoulders
F                   A#      D    G            C         F
For well you know that it's a fool who plays it cool by making his world a little colder
F       F     C
Da da da da da da da da da

    F            C           C               F
Hey Jude, don't let me down, you have found her, now go and get her
   A#                F           C    C     F
Remember to let her into your heart, then you can start to make it better

F                A#    D    G               C           F
So let it out and let it in, hey Jude, begin, you're waiting for someone to perform with
F                        A#    D      G                 C
And don't you know that it's just you, hey Jude, you'll do, the movement you need is on your
F
shoulders
F       F     C
Da da da da da da da da da

    F           C      C               F
